INFORMATION CIRCULAR
 (as at May 6, 2021 except as otherwise indicated)

SOLICITATION OF PROXIES

This information circular (the “**Circular**”) is provided in connection with the solicitation of proxies by the management (the “**Management**”) of Calibre Mining Corp (“**Calibre**” or the “**Company**”). The form of proxy which accompanies this Circular (the “**Proxy**”) is for use at the annual general meeting of the shareholders of the Company to be held on June 16, 2021 (the “**Meeting**”), at the time and place set out in the accompanying notice of Meeting (the “**Notice of Meeting**”). The Company will bear the cost of this solicitation. The solicitation will be made by mail, but may also be made by telephone.

APPOINTMENT AND REVOCATION OF PROXY

The persons named in the Proxy are directors and/or officers of the Company. **A registered shareholder who wishes to appoint some other person to serve as their representative at the Meeting may do so by striking out the printed names and inserting the desired person’s name in the blank space provided.** The completed Proxy should be delivered to Computershare Trust Company of Canada (“**Computershare**”) by 10:00 a.m. (local time in Vancouver, British Columbia) on June 14, 2021, or before 48 hours (excluding Saturdays, Sundays and holidays) before any adjournment of the Meeting at which the Proxy is to be used.

The Proxy may be revoked by:

- (a) signing a proxy with a later date and delivering it at the time and place noted above;
- (b) signing and dating a written notice of revocation and delivering it to Computershare or by transmitting a revocation by telephonic or electronic means, to Computershare, at any time up to and including the last business day preceding the day of the Meeting, or any adjournment of it, at which the Proxy is to be used, or delivering a written notice of revocation and delivering it to the Chairman of the Meeting on the day of the Meeting or adjournment of it; or
- (c) attending the Meeting or any adjournment of the Meeting and registering with the scrutineer as a shareholder present in person.

Provisions Relating to Voting of Proxies

The shares represented by Proxy in the form provided to shareholders will be voted or withheld from voting by the designated holder in accordance with the direction of the registered shareholder appointing him. If there is no direction by the registered shareholder, those shares will be voted for all proposals set out in the Proxy and for the election of directors and the appointment of the auditors as set out in this Circular. The Proxy gives the person named in it the discretion to vote as such person sees fit on any amendments or variations to matters identified in the Notice of Meeting, or any other matters which may properly come before the Meeting. At the time of printing of this Circular, the Management of the Company knows of no other matters which may come before the Meeting other than those referred to in the Notice of Meeting.

Advice to Beneficial Holders of Common Shares

The information set forth in this section is of significant importance to many shareholders, as a substantial number of shareholders do not hold common shares in their own name. Shareholders who hold their common shares through their brokers, intermediaries, trustees or other persons, or who otherwise do not hold their common shares in their own name (referred to herein as “**Beneficial Shareholders**”) should note that only proxies deposited by shareholders who appear on the records maintained by the Company’s registrar and transfer agent as registered

holders of common shares will be recognized and acted upon at the Meeting. If common shares are listed in an account statement provided to a Beneficial Shareholder by a broker, then those common shares will, in all likelihood, not be registered in the shareholder's name. Such common shares will more likely be registered under the name of the shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc., which acts as nominee for many Canadian brokerage firms). In the United States, the vast majority of such common shares are registered under the name of Cede & Co., the registration name for The Depository Trust Company, which acts as nominee for many United States brokerage firms. Common shares held by brokers (or their agents or nominees) on behalf of a broker's client can only be voted or withheld at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the broker's clients. **Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.**

Existing regulatory policy requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholder meetings. The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their common shares are voted at the Meeting. The form of instrument of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is substantially similar to the instrument of proxy provided directly to registered shareholders by the Company. However, its purpose is limited to instructing the registered shareholder (i.e., the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The vast majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions Inc. ("**Broadridge**") in Canada. Broadridge typically prepares a machine-readable voting instruction form ("**VIF**"), mails those forms to Beneficial Shareholders and asks Beneficial Shareholders to return the VIFs to Broadridge, or otherwise communicate voting instructions to Broadridge (by way of the internet or telephone, for example). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting. **A Beneficial Shareholder who receives a Broadridge VIF cannot use that form to vote common shares directly at the Meeting. The VIFs must be returned to Broadridge (or instructions respecting the voting of common shares must otherwise be communicated to Broadridge) well in advance of the Meeting in order to have the common shares voted. If you have any questions respecting the voting of common shares held through a broker or other intermediary, please contact that broker or other intermediary for assistance.**

The Notice of Meeting, Circular, Proxy and VIF, as applicable, are being provided to both registered shareholders and Beneficial Shareholders. Beneficial Shareholders fall into two categories - those who object to their identity being known to the issuers of securities which they own ("**OBOs**") and those who do not object to their identity being made known to the issuers of the securities which they own ("**NOBOs**"). Subject to the provisions of National Instrument 54-101 - *Communication with Beneficial Owners of Securities of a Reporting Issuer* ("**NI 54-101**"), issuers may request and obtain a list of their NOBOs from intermediaries directly or via their transfer agent and may obtain and use the NOBO list for the distribution of proxy-related materials directly (not via Broadridge) to such NOBOs. If you are a Beneficial Shareholder and the Company or its agent has sent these materials directly to you, your name, address and information about your holdings of common shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding the common shares on your behalf.

The Company has distributed copies of the Notice of Meeting, Circular and VIF to intermediaries for distribution to NOBOs. Unless you have waived your right to receive the Notice of Meeting, Circular and VIF, intermediaries are required to deliver them to you as a NOBO of the Company and to seek your instructions on how to vote your common shares.

The Company's OBOs can expect to be contacted by Broadridge or their brokers or their broker's agents as set out above. The Company does not intend to pay for intermediaries to deliver the Notice of Meeting, Circular and VIF to OBOs and accordingly, if the OBO's intermediary does not assume the costs of delivery of those documents in the event that the OBO wishes to receive them, the OBO may not receive the documentation.

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting common shares registered in the name of his broker, a Beneficial Shareholder may attend the Meeting as proxyholder for the registered shareholder and vote the common shares in that capacity. NI 54-101 allows a Beneficial Shareholder who

is a NOBO to submit to the Company or an applicable intermediary any document in writing that requests that the NOBO or a nominee of the NOBO be appointed as proxyholder. If such a request is received, the Company or an intermediary, as applicable, must arrange, without expenses to the NOBO, to appoint such NOBO or its nominee as a proxyholder and to deposit that proxy within the time specified in this Circular, provided that the Company or the intermediary receives such written instructions from the NOBO at least one business day prior to the time by which proxies are to be submitted at the Meeting, with the result that such a written request must be received by 10:00 a.m. (Vancouver time) on the day which is at least three business days prior to the Meeting. **A Beneficial Shareholder who wishes to attend the Meeting and to vote their common shares as proxyholder for the registered shareholder, should enter their own name in the blank space on the VIF or such other document in writing that requests that the NOBO or a nominee of the NOBO be appointed as proxyholder and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker.**

All references to shareholders in the Notice of Meeting, Circular and the accompanying Proxy are to registered shareholders of the Company as set forth on the list of registered shareholders of the Company as maintained by the registrar and transfer agent of the Company, Computershare Trust Company of Canada, unless specifically stated otherwise.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Named Executive Officers

In this section “**Named Executive Officer**” or “**NEO**” means: (a) the Chief Executive Officer (“**CEO**”); (b) the Former CEO; (c) the Chief Financial Officer (“**CFO**”); and (d) each of the three most highly compensated executive officers other than the CEO and CFO. As at December 31, 2020, the Company had six NEOs, namely Darren Hall¹, President and CEO, Russell Ball¹, former CEO, John Seaberg, Senior Vice President & CFO, Ryan King, Vice President, Corporate Development & IR, William Patterson, Vice President, Technical Services, and Jason Gregg, Vice President, Human Capital.

Compensation Governance and Objectives

The Board has appointed the Compensation Committee which is comprised of Edward Farrauto (Chair), Blayne Johnson, and Raymond Threlkeld, all of whom are independent directors within the meaning of NI 58-101. The Compensation Committee is responsible for compensation issues, talent management and development, disclosure obligations, working with outside compensation consultants and corporate strategy as it relates to compensation. With respect to compensation issues, the mandate of the Compensation Committee provides that its responsibilities will include: (a) determining the salary and benefits of the CEO; (b) reviewing with the CEO, the compensation of the Company’s officers that report to the CEO; (c) after considering recommendations of the CEO, reviewing and recommending for approval by the Board the general compensation structure and policies and programs for the Company; (d) administering the Company’s LTIP and determining its use, from time to time, as a form of compensation for salaried personnel and directors; (e) after considering recommendations of the CEO, reviewing and recommending for approval by the Board all equity-based grants; (f) reviewing annually all other benefit programs for salaried personnel; (g) reviewing the adequacy and form of the compensation of directors to ensure that it reflects the responsibilities and risks involved in being an effective director, and reporting and making recommendations to the Board accordingly. A copy of the Compensation Committee Mandate is available on the Company’s website at www.calibremining.com.

When reviewing NEO compensation, the Compensation Committee takes into consideration the following objectives: (a) recruiting and retaining NEO’s that are critical to the success of the Company; (b) providing fair and competitive compensation; (c) balancing the interests of the management and the shareholders of the Company; (d) motivating NEO’s to deliver strong business performance, both on an individual basis and with respect to the business of the Company in general; and (e) ensuring the executive compensation program is simple to communicate and administer. The Compensation Committee will receive and review any recommendations of the CEO of the Company relating to the general compensation structure, policies and programs of the Company and the salary and benefit levels for the NEOs.

It is the objective of the Company’s compensation program to attract and retain highly qualified executives and to link compensation to performance and shareholder value creation. The Compensation Committee’s goal is to ensure that the NEO’s compensation is sufficiently competitive to achieve this objective. The Compensation Committee considers a number of factors in order to determine the NEO’s compensation, including the Company’s contractual obligations, the individual’s performance and other qualitative aspects of the individual’s performance and achievements, the amount of time and effort the individual will devote to the Company and the Company’s financial resources.

Clawback Policy

The Board has adopted a clawback policy specifying the consequences with respect to incentive awards in the event of negligence, fraud or willful misconduct resulting in a restatement of the Company’s financial statements. The clawback policy provides that where there is a restatement of the financial results of the Company for any reason other than a restatement caused by a change in applicable accounting rules or interpretations, and, in connection with such

¹ Russell Ball stepped down as CEO and Director of the Company on February 26, 2021 for personal reasons; Darren Hall, who was previously Chief Operating Officer of the Company, was appointed Director, President and CEO on the same date.

restatement an executive officer engaged in negligence, fraud or willful misconduct, the Board or the Compensation Committee may: (a) require that the executive officer return or repay to the Company, or reimburse the Company for, all or part of any excess incentive-based compensation; and/or (b) cause all or part of any awarded and unpaid or unexercised incentive-based compensation (whether vested or unvested) that constitutes excess compensation for such executive officer to be cancelled.

For purposes of the clawback policy, “excess compensation” means the difference between the amount or value of any incentive-based compensation actually paid or awarded to an executive officer and the amount or value that would have been paid or awarded as calculated or determined based on the financial statements of the Company as restated. “Incentive-based compensation” includes all stock options, restricted share units, deferred share units, and performance share units awarded under the LTIP, and cash and stock bonuses that is paid or awarded to any executive officer based in whole or in part on the application of performance criteria or financial metrics measured during the applicable period preceding the applicable restatement as determined by the Board or the Compensation Committee.

Share Ownership Guidelines

The Company’s share ownership guidelines (the “**Share Ownership Guidelines**”) ensure the interests of non-management directors and executive officers of the Company are aligned with the long-term interests of the Company’s Shareholders. The Share Ownership Guidelines provide that each NEO is required to hold an equity interest in the form of common shares of the Company in the following amounts (collectively, the “**Executive Ownership Requirements**”):

Executive	Share Ownership Requirement
CEO	3 times annual base salary
CFO	2 times annual base salary
Other NEOs	1 times annual base salary

Compliance with the applicable Executive Ownership Requirement is expected to be satisfied by each individual within three (3) years after their employment as a CEO, CFO or other NEO. Once an individual’s level of common share ownership satisfies the applicable Executive Ownership Requirement, ownership at such level is expected to be maintained or exceeded continuously for as long as such individual is subject to the Share Ownership Guidelines. As seen in the table below, all of the Company’s NEOs currently meet the applicable Executive Ownership Requirement.

Name and Position	Shareholding Requirement	# of Common Shares²	Total Value³	Multiple of Salary
Darren Hall <i>CEO</i>	3x Salary	736,708	\$1,473,416	5.3x
John Seaberg <i>CFO</i>	2x salary	507,780	\$1,015,560	3.9x
Ryan King <i>VP, Corporate Development & IR</i>	1x salary	511,200	\$1,022,400	4.1x
William Patterson <i>VP, Technical Services</i>	1x salary	759,912	\$1,519,824	6.1x
Jason Gregg <i>VP, Human Capital</i>	1x salary	237,516	\$475,032	1.9x

² Current ownership as at May 6, 2021.

³ Calculated using the closing price of the Common Shares on May 6, 2021.

Compensation Risk

The Board and, as applicable, the Compensation Committee, considers and assesses the implications of risks associated with the Company’s compensation policies and practices and devotes such time and resources as it believes to be necessary in the circumstances. The Company’s practice of compensating its officers primarily through a mix of salary, stock options (the “**Options**”), deferred share units (“**DSUs**”), restricted share units (“**RSUs**”) and performance share units (“**PSUs**”) is designed to mitigate risk by: (i) ensuring that the Company retains such officers; and (ii) aligning the interests of its officers with the short-term and long-term objectives of the Company.

The Board, together with the Compensation Committee, uses a number of strategies to reduce the risk associated with compensation, including:

- discussing the principal risks associated with the Company’s compensation policies and practices and providing oversight of appropriate systems to manage such risks;
- ensuring that any compensation policies and practices that could encourage individuals within the Company to take inappropriate or excessive risks are identified, reported and mitigated;
- reviewing and approving annual corporate objectives and then assessing performance against these objectives when awarding the individual performance component of the executive officers’ annual bonus;
- considering the Company’s performance relative to its peers when reviewing the corporate performance component of the executive officers’ annual bonus; and
- setting vesting terms on stock option grants and RSUs which align optionees’ interests with the long-term objectives of the Company using 36-month vesting provisions on any stock options or RSUs granted.

As at the date of this Circular, the Board had not identified risks arising from the Company’s compensation policies and practices that are reasonably likely to have a material adverse effect on the Company.

Compensation Consultant

The Compensation Committee may from time to time engage independent consultants to conduct a comparator group review and analysis of executive and director compensation. In 2020, the Company retained Meridian Compensation Partners (“**Meridian**”) to conduct an independent and comprehensive review of executive pay levels and mix among comparable industry peers, long-term incentive plan structure, and compensation governance practices. The Compensation Committee originally retained Meridian in 2019 and Meridian advises only the Compensation Committee and has not performed any work for management of the Company since its original engagement.

The Compensation Committee pre-approves all consultant mandates related to executive and director compensation. The following table sets out the fees paid by the Company to compensation consultants for services related to determining and structuring compensation for any of the Company’s directors and executive officers during the most recently completed financial years:

Consultant	Financial Year Ending December 31	Executive Compensation Related Fees
Meridian Compensation Partners	2020	\$26,116
Meridian Compensation Partners	2019	\$12,452

Benchmarking

In the mining industry, ensuring competitive compensation is a critical business practice. The Company seeks to provide competitive total compensation packages to its executive officers and directors to ensure that it attracts and retains talented individuals while being aligned with market practices yet manage its compensation programs within

the Company's ability to pay. In identifying potential peers for the executive officer and director comparator group, Meridian applied the following high-level principles:

- Universe – TSX-listed mining sector companies;
- Company size – peers generally fell within 0.33 to 3.0 times the size of Calibre on most size metrics (with assets as the primary screening variable);
- Industry – preference for gold mining companies; and
- Geography – preference for companies with operations in the Americas.

The selection of companies that make up the comparable group are intended to reflect a group of companies with which the Company competes for executive officers. The following companies were used in the benchmark group:

Alio Gold Inc.	Great Panther Silver Mining Limited
Argonaut Gold Inc.	Guyana Goldfields Inc.
Asanko Gold Inc.	Jaguar Mining Inc.
Aura Minerals Inc.	Leagold Mining Corporation
Dynacor Gold Mines Inc.	Premier Gold Mines Limited
Endeavour Silver Corp.	Roxgold Inc.
Golden Star Resources Ltd.	Royal Nickel Corporation
Gran Colombia Gold Corp.	Wesdome Gold Mines Ltd.

Elements of Compensation

The Company's compensation program is comprised of: (a) a base salary; (b) a short-term incentive award in the form of cash bonuses; and (c) a long-term incentive awards in the form of equity plan awards. Each component of the Company's compensation program is addressed below.

Base Salaries

The base salaries or management fee arrangements and benefits paid to the NEOs are not based on any specific formula. A preliminary base salary for each executive is established following a review of market data for similar positions using the independent compensation surveys and proxy data of the Company's comparator group of companies. Actual proposed base salaries for executives other than the CEO are then recommended by the CEO to the Chair of the Board and to the Compensation Committee based upon market competitive salary levels, an assessment of an executive's performance and the Company's performance during the year, the financial capacity of the Company, the scope of the executive's responsibilities for the year, the executive's prior experience and retention risk referencing the competitive nature of the mining industry. On the same basis, the proposed base salary of the CEO is recommended by the Chair of the Board to the Compensation Committee who in turn recommends a final proposed base salary to the Board for approval. NEO salaries for the financial year ended December 31, 2020 were generally maintained at the prior year's levels. In 2020, NEO annual base salaries were as follows:

Name and Position	2020 Annual Base Salary (\$)
Darren Hall <i>CEO</i>	\$280,000
Russell Ball <i>Former CEO</i>	\$300,000
John Seaberg <i>CFO</i>	US\$197,000
Ryan King <i>VP, Corporate Development & IR</i>	\$250,000
William Patterson <i>VP, Technical Services</i>	US\$190,000
Jason Gregg <i>VP, Human Capital</i>	\$250,000

Short-Term Incentive Award

The second component of NEO compensation is an annual short-term incentive (“STI”) award paid in cash. The STI is designed to encourage short-term performance by rewarding individuals for their performance against agreed objectives for the year just completed, taking into account overall Company performance. All executives are eligible for annual STI awards, after taking into account financial management and attainment of certain corporate objectives and personal objectives. STI awards paid at the beginning of the fiscal year are for performance achieved against objectives set for the previous fiscal year. All awards, other than the CEO’s, are based on the recommendation of the CEO and are at the discretion of the Compensation Committee and the Board. The CEO does not make a recommendation to the Compensation Committee and the Board with respect to their annual STI award. The annual STI award for the CEO is based on the recommendation of the Compensation Committee to the Board.

In 2020, the Board approved STI targets as a percentage of base salary. The overall target was tailored towards corporate and personal components with different weightings applied. Each component may have one or more goals with different weighting and measures. STI awards range from 0% to 300% of target annual base salary based on achievement of personal and corporate component objectives. The following is the 2020 STI award target as a percentage of base salary for each NEO:

Name and Position	Target Allocation		Target % of Annual Base Salary	Target (\$)	Max % of Annual Base Salary	Max (\$)
	Corporate Component	Personal Component				
Darren Hall <i>CEO</i>	70%	30%	150%	\$420,000	250%	\$700,000
Russell Ball <i>Former CEO</i>	80%	20%	200%	\$600,000	300%	\$900,000
John Seaberg <i>CFO</i>	70%	30%	150%	\$390,000	250%	\$650,000
Ryan King <i>VP, Corporate Development & IR</i>	60%	40%	100%	\$250,000	200%	\$500,000
William Patterson <i>VP, Technical Services</i>	60%	40%	100%	\$250,000	200%	\$500,000
Jason Gregg <i>VP, Human Capital</i>	60%	40%	100%	\$250,000	200%	\$500,000

Actual STI payments may be above or below target based on performance outcomes for a given year. For each component (Company and individual) payouts at various performance levels are as follows:

- Below Threshold – no payout;
- At Target – 100% of target payout; and
- At Maximum – 150% to 200% of target payout.

Results between threshold and target and between target and maximum are interpolated on a straight-line basis. Performance objectives set for a given fiscal year are designed to provide motivation to executive officers to achieve near-term corporate and individual objectives, and to reward them when such objectives are met or exceeded. The Compensation Committee has the ability to apply its discretion to either increase, or decrease, a performance outcome where circumstances warrant. Corporate objectives were developed by the executive management team and submitted to the Compensation Committee and the Board for modification and approval. The approved corporate objectives were then applied to all NEOs. For 2020, the corporate component objectives and performance results were as follows:

Corporate Objectives	Weighting	Performance Range			Actual Result
		Threshold	Target ⁴	Maximum	
Gold Production (ounces)	30%	113,000	125,000	135,000	136,009
All-In Sustaining Costs ⁵ per gold ounce	30%	\$1,185	\$1,077	\$996	\$1,045
Mineral Inventory (ounces)	20%	150,000	350,000	450,000	348,000
Proven & Probable Reserves (ounces)	10%	(50,000)	-	50,000	50,000
Safety and Environment	10%	0%	-5%	-10%	0%

In evaluating the 2020 corporate performance, the Compensation Committee considered the performance-related results achieved by the Company in 2020, gold sector macroeconomic factors, and the Company's current financial position and outlook. The Compensation Committee recommended in which the Board subsequently approved the following STI awards:

Name and Position	Short-Term Incentive Award (\$)
Darren Hall <i>CEO</i>	\$519,521
Russell Ball <i>Former CEO</i>	\$693,552
John Seaberg <i>CFO</i>	\$451,212
Ryan King <i>VP, Corporate Development & IR</i>	\$383,263
William Patterson <i>VP, Technical Services</i>	\$363,263
Jason Gregg <i>VP, Human Capital</i>	\$349,929

⁴ On March 25, 2020, the Company announced the withdrawal of its original 2020 production and cost guidance due to suspended operations as a result of the pandemic. Target metrics are based on the revised 2020 production and cost guidance announced on June 24, 2020.

⁵ All-In Sustaining Cost is a performance measure that reflects all of the expenditures that are required to produce an ounce of gold from current operations. While there is no standardized meaning of the measure across the industry, the Company's definition is derived from the definition, as set out by the World Gold Council in its guidance dated June 27, 2013 and November 16, 2018. The World Gold Council is a non-regulatory, non-profit organization established in 1987 whose members include global senior mining companies. The Company believes that this measure is useful to external users in assessing operating performance and the ability to generate free cash flow from operations. Calibre defines AISC as the sum of total cash costs, sustaining capital (capital required to maintain current operations at existing production levels), capital lease repayments, corporate general and administrative expenses, exploration expenses designed to increase resource confidence at producing mines, amortization of asset retirement costs and rehabilitation accretion related to current operations. AISC excludes capital expenditures for significant improvements at existing operations deemed to be expansionary in nature, exploration and evaluation related to resource growth, rehabilitation accretion and amortization not related to current operations, financing costs, debt repayments, and taxes. Total AISC is divided by gold ounces sold to arrive at a per ounce figure.

Long-Term Incentive Plan

The third component of NEO compensation is the granting of Options to purchase common shares and the granting of DSUs, PSUs or RSUs under the LTIP. The Compensation Committee or the Board may grant Options, DSUs, PSUs and RSUs, or any combination thereof, on an annual basis to executive officers. The following is the 2020 LTIP target as a percentage of base salary for each NEO and the LTIP awards granted to the NEOs as approved by the Board:

Name and Position	Target LTIP as a % of Annual Base Salary	Long-term Incentive Awards	
		RSUs Award	Options Award
Darren Hall <i>CEO</i>	150%	300,000	260,331
John Seaberg <i>CFO</i>	150%	278,571	241,736
Ryan King <i>VP, Corporate Development & IR</i>	100%	178,571	154,959
William Patterson <i>VP, Technical Services</i>	100%	178,571	154,959
Jason Gregg <i>VP, Human Capital</i>	100%	178,571	154,959

The LTIP is intended to help attract and retain employees by providing them with an opportunity to participate in the future success of the Company and to reinforce commitment to long-term growth in shareholder value. The Board believes that the LTIP aligns the interests of the NEOs and the Board with shareholders by linking a significant component of executive compensation to the longer-term performance of the Company's common shares.

Settlement of DSUs, PSUs and RSUs under the LTIP may be made by the Company in cash, as determined by the Board under the terms and conditions of the LTIP. Options granted under the LTIP vest in 1/3 increments starting on the first-year anniversary of the date of grant and fully vest on the third-year anniversary of the date of grant. Vested Options must be exercised no later than eight years after the date of grant or they expire. Options are priced using the preceding day's closing price of the common shares on the Toronto Stock Exchange (the "TSX") to the date of the grant.

Unless otherwise determined by the Board, RSU awards vest in three approximately equal installments on the first three anniversaries of the date of the grant. Upon vesting, the RSU award is settled with common shares or is settled in cash. The form of the incentive award (whether Options, DSUs, PSUs or RSUs) for each executive and the percentage split between each long-term incentive component is at the discretion of the Compensation Committee and the Board. In monitoring or adjusting the recommended Option allotments, the Board or the Compensation Committee, as the case may be, takes into account its own observations on individual performance, its assessment of individual contribution to shareholder value and the previous Option grants. The scale of Options is generally commensurate to the appropriate level of base compensation for each level of responsibility. The Board or the Compensation Committee will make these determinations subject to and in accordance with the provisions of the LTIP, as applicable, and in accordance with the policies of the TSX.

Notes:

- (1) Base salary each NEO earned during the financial year.
- (2) Share-based awards are calculated using the market price of the common shares of the Company on the TSX on the last trading day prior to the grant date. Prior year figures have been updated for consistency purposes.
- (3) The Company has chosen the Black-Scholes methodology to calculate the grant date fair value of option-based awards as it is the methodology used in the Company's financial statements. The Options vest annually over a 3-year period. The fair value of the option-based awards was determined using the following assumptions:

	2018	2019	2020
Expected volatility	85.43%	57.16%	57.16%
Expected life of Option	5 years	5 years	5 years
Risk-free interest rate	2.43%	1.29%	1.57%
Dividend rate	Nil	Nil	Nil

- (4) See details under the heading "Short-Term Incentive Plan" and the disclosure regarding performance scores. Cash incentive awards and bonuses are paid in February of the year following the fiscal year to which the STI payment relates.
- (5) Perquisites and other personal benefits have not been included as they do not reach the prescribed threshold of the lesser of \$50,000 or 10% of the total salary for the financial year.
- (6) On February 26, 2021, Russell Ball stepped down as CEO for personal reasons; Darren Hall was appointed CEO on this date.
- (7) Other than Ryan King, all NEOs commenced employment with the Company during 2019.

Termination and Change of Control Benefits

The Company entered into employment agreements with each of the NEO. The following is a summary only and is qualified by reference to the terms and conditions of the executive employment agreements and the applicable terms and conditions of the LTIP. Under the terms of the employment agreements, NEO's are entitled to compensation, based on their remuneration at the time, in the event of (i) a termination without cause, or (ii) a Change of Control (as defined below), if the NEO is terminated without cause or resigns their employment for Good Reason (as defined below) within 30 days of the Change of Control.

Under the employment agreements, a "Change of Control" means: the occurrence of: (a) an amalgamation, arrangement, merger or other consolidation of the Company with another issuer entity pursuant to which the shareholders of the Company immediately prior thereto do not immediately thereafter own shares (or other securities) of the successor continuing corporation (or other issuer entity) which entitle them to cast more than 50% of the votes attaching to all shares in the capital of the successor or continuing corporation (or other issuer entity) which may be cast to elect directors of that corporation (or the equivalent of such other issuer entity) (unless such transaction relates to an issuer with tax attributes and the shareholders of the Company retain more than 50% of the equity of the successor continuing entity); (b) a liquidation, dissolution or winding-up of the Company; or (c) a sale, lease or other disposition of all or substantially all of the assets of the Company; provided that, a Change of Control does not include: (i) an

initial public offering of the Company; (ii) a reverse takeover following which the shareholders of the Company immediately prior thereto own shares of the successor or continuing corporation which would entitle them to cast more than 50% of the votes attaching to all shares in the capital of the successor or continuing corporation which may be cast to elect directors of such corporation; or (iii) any other internal reorganization where beneficial ownership of the issued and outstanding shares of the Company remains unchanged.

“Good Reason” means the occurrence of any of: (i) a material decrease in the responsibilities of the Executive; or (ii) any material reduction in the Salary, except as part of a general reduction of the salaries of all or substantially all of the senior executives of the Company, which affects the Executive in substantially the same manner as the other senior executives who are also affected;

No amounts are payable to any NEO in respect of a voluntary resignation, retirement or termination for cause. The following table outlines the NEO termination and change of control benefits under the LTIP, which will apply to grants of RSUs and Options unless otherwise determined by the Board:

Termination Type	Severance	LTIP Awards

Change of Control (and NEO is terminated without cause or resigns for Good Reason)	Lump-sum payment equal to 12 months' salary	<ul style="list-style-type: none"> • RSUs vest immediately prior to the change of control • Unless otherwise determined by the Board, vested Options remain exercisable until original expiry date • Unvested Options vest immediately
Retirement	-	<ul style="list-style-type: none"> • Outstanding RSUs shall vest as of the date of retirement • Unvested Options automatically vest on retirement date • Vested Options expire on the earlier of the original expiry date and one year following the retirement date

Incentive Plan Awards – Value Vested or Earned During the Year

The following table sets forth details of the value vested or earned for all incentive plan awards during the most recently completed financial year by each NEO:

Value Vested or Earned for Incentive Plan Awards During the Most Recently Completed Financial Year

Name and Position	Option-based awards: Value vested during the year (\$) ⁽¹⁾	Share-based awards: Value vested during the year (\$) ⁽²⁾	Non-equity incentive plan compensation: Value earned during the year (\$) ⁽³⁾
Darren Hall <i>CEO</i>	630,250	303,334	519,521
Russell Ball <i>Former CEO</i>	1,301,000	606,666	693,552

Jason Gregg <i>VP, Human Capital</i>	238,333	141,167	349,929

Notes:

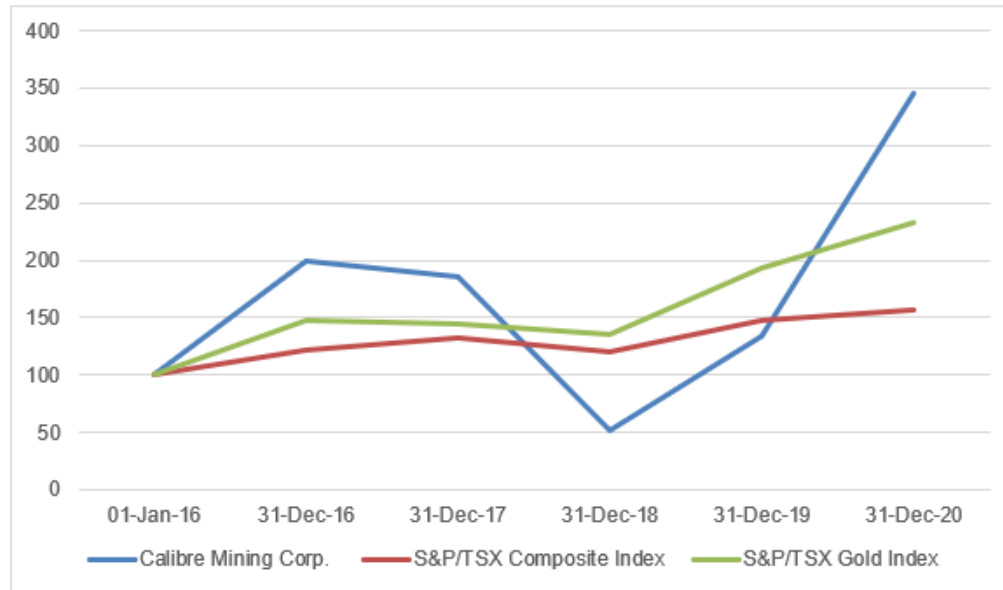

- (1) This value is determined by calculating the difference between the market price of the underlying common shares at exercise and the exercise price of the Options on the vesting date.
- (2) Represents the number of shares vested multiplied by the closing price on the date of vesting.
- (3) See details under the heading "Short-Term Incentive Plan" and the disclosure regarding performance scores.

Pension Benefits

The Company does not have a pension plan that provides for payments or benefits to the NEOs at or in connection with retirement.

Performance Graph

The following graph compares the yearly percentage change in the cumulative total shareholder return for \$100 invested in the Calibre shares on January 1, 2016 (being the first day of the period comprising of the preceding five most recently completed financial years) against the cumulative total return of the S&P/TSX Composite Index and S&P/TSX Gold Index for the period ending on December 31, 2020.

The amounts indicated in the graph above and in the chart below are as of December 31 in each of the years 2016 to 2020.

	January 1, 2016	December 31, 2016	December 31, 2017	December 31, 2018	December 31, 2019	December 31, 2020
Calibre Mining Corp.	\$100	\$200	\$185	\$52	\$134	\$345
S&P/TSX Composite Index	\$100	\$121	\$132	\$120	\$147	\$156
S&P/TSX Gold Index	\$100	\$147	\$144	\$135	\$193	\$233

The share price performance trend illustrated within this chart does not necessarily reflect the trend in the Calibre's compensation to executive officers over the same time period. The share price valuation of gold producers, as well as exploration and development companies, fluctuates with changes in the underlying commodity prices, and at no time during the period was compensation intended to reflect share price performance driven by externalities. Alignment with shareholders is nonetheless achieved by awarding a significant portion of compensation in the form of long-term equity-based incentives.

DIRECTOR COMPENSATION

The Compensation Committee is responsible for making recommendations as to director compensation for the Board's consideration and ultimate approval. The compensation package for directors is intended to provide a competitive level of remuneration reflective of the responsibilities, accountability, and time commitments of the Board members. Directors are reimbursed for expenses incurred for attending Board meetings. Executive officers of the Company do not receive any additional compensation for services rendered in such capacity other than as paid by the Company to such executive officers in their capacity as executive officers. There is no formal policy for the granting of LTIP awards to directors. Options may be granted from time to time upon the recommendation of the Compensation Committee.

the following assumptions: a five-year term, a risk-free rate of 1.57%, no dividend payments, and a 57.16% volatility in the Company's share price. The Options vest annually over a 3-year period.

- (2) Todd White is not standing for re-election at the upcoming Meeting.
- (3) Dale Craig was replaced by Randall Chatwin as director nominee on January 6, 2020.

A component of the director compensation is equity-based with the award of Options, RSUs and DSUs under the LTIP. The Board, at its discretion and upon the recommendation of the Compensation Committee, may grant Options, RSUs and DSUs, or any combination thereof, on an annual basis to directors.

SUMMARY OF MATERIAL TERMS OF SECURITY-BASED COMPENSATION PLANS

Long-term Incentive Plan

In April 2017, the Board implemented the LTIP for directors, officers, employees, and consultants, which was thereafter ratified by Shareholders on May 31, 2017. The LTIP consists of DSUs, RSUs, PSUs, and Options which provide the Board with additional long-term incentive mechanisms to align the interests of the directors, officers, employees or consultants of the Company with shareholder interests. The LTIP also provides for, among other things, an accelerated vesting of awards in the event of a change in control, thereby aligning the Company's practices with current corporate governance best practices respecting a change in control. As at May 6, 2021, a total of 29,769,557 Options, 400,000 PSUs, and 5,986,944 RSUs have been awarded.

Under the LTIP, the maximum number of Calibre shares that may be reserved and set aside for issuance upon the exercise of awards, along with any other security-based compensation arrangement of Calibre is 44,500,000. Of this amount, a maximum of 10,000,000 Calibre shares may be set aside for issuance upon the exercise of DSUs, RSUs, and PSUs. There are currently 36,156,501 Calibre shares reserved for issuance under the LTIP (being 10.8% of the issued and outstanding Calibre shares), leaving 3,306,382 Calibre shares available to be issued under the LTIP (being 1.0% of the issued and outstanding Calibre shares). Awards to insiders exceeding 10% of the issued and outstanding number of Calibre shares may not be granted in a 12-month period and at no time may the number of Calibre shares issuable to insiders exceed 10% of the issued and outstanding Calibre shares. In addition, no single person may receive awards in a 12-month period that would, if exercised, result in the issuance of more than 5% of all issued and outstanding Calibre shares. In the case of a consultant or person employed or engaged by Calibre to carry on investor relations work, no single individual may receive an award in a 12-month period that would, if exercised, result in the issuance of more than 2% of all issued and outstanding Calibre shares.

The maximum term for stock options of the Company is 10 years. All stock options granted pursuant to the LTIP are subject to the vesting requirements imposed by the Board. All stock options issued to consultants performing investor relations activities are required to vest in stages over at least 12 months with no more than 25% of the Options vesting in any three-month period. PSUs do not vest, and cannot be paid out (settled), until the completion of the performance cycle. The performance cycle does not end later than December 31 of the calendar year that is three years after the grant date. RSUs vest upon lapse of the applicable restricted period. RSUs can be paid out in cash at the discretion of the Board. For employees and directors, vesting generally occurs in three equal instalments on the first three anniversaries of the grant date.

Upon the retirement, death, or disability of a recipient, all outstanding awards vest immediately. Outstanding awards that vested on or before the date that a recipient resigns remain available for settlement, and all unvested awards terminate immediately. In the case of termination of employment without cause, outstanding DSUs, PSUs and RSUs that had vested on or before the termination date remain available for settlement as of the termination date and outstanding DSUs, PSUs and RSUs that would have vested on the next vesting date following the termination date are also available for settlement as of such vesting date. All other unvested DSUs, PSUs and RSUs terminate immediately. In the case of Options, all unvested Options vest immediately upon termination of employment without cause. Where termination of employment is for cause, all vested and unvested awards terminate immediately. Finally, in the event of a change of control, all awards vest immediately.

Options that vested upon the retirement, death, or disability of a recipient expire on the earlier of the scheduled expiry date and one year following the date of vesting. In the case of resignation, vested Options expire on the earlier of the scheduled expiry date and three months following the date of resignation (except for Options granted to persons engaged primarily to carry on investor relations activities; such vested Options expire on the earlier of the scheduled expiry date and 30 days following the date of resignation). In the case of termination of employment without cause, vested Options expire on the earlier of the scheduled expiry date and 90 days following the date of resignation, or as otherwise allowed by the Board. Options that vest upon the occurrence of a change of control expire at the discretion of the Board.

Awards granted pursuant to the LTIP may not be assigned, transferred, charged, pledged or otherwise alienated, other than to a participant's personal representative.

Subject to applicable law and necessary regulatory approvals, the Board may amend the LTIP without obtaining shareholder approval where the amendments do not materially and adversely affecting any previously granted awards. The following amendments to the LTIP require shareholder approval:

- (a) A reduction in the option price or cancellation or reissuance of options with the intent of effecting a reduction in the option price;
- (b) Extension of options, or changes to the date on which a PSU, RSU or DSU will be forfeited or terminated;
- (c) Increase to maximum number of shares reserved for issuance under the LTIP;
- (d) Revisions to participation limits;

- (e) Revisions to assignability and transferability, other than for estate purposes; or
- (f) Any amendment to these amendment provision and any amendment required under applicable law.

The Compensation Committee and the Board believe that equity-based compensation plans are the most effective way to align the interests of management with those of shareholders. Long-term incentives must also be competitive and align with the Company's compensation philosophy.

In determining the number of Options to be granted to the executive officers and directors, the Board or the Compensation Committee, as the case may be, takes into account the level of responsibility and experience required for the position, and the NEO's potential future contributions to the Company. The Compensation Committee sets the number of options so as to attract and retain qualified and talented employees. The Compensation Committee also takes into account the Company's contractual obligations and the award history for all participants in the Company's LTIP.

The recipients of incentive Options and the terms of the Options granted are determined from time to time by the Board with assistance from the Compensation Committee. The exercise price of the Options granted is generally determined by the market price at the time of grant. For the financial years ended December 31, 2020 and 2019, the annual burn rate for the outstanding DSUs, RSUs, PSUs, and Options was 0.02 and 0.32, respectively.

REPORT ON CORPORATE GOVERNANCE

National Instrument 58-101, *Disclosure of Corporate Governance Practices*, requires all reporting issuers to provide certain annual disclosure of their corporate governance practices with respect to the corporate governance guidelines (the "**Guidelines**") adopted in National Policy 58-201. These Guidelines are not prescriptive but have been used by the Company in adopting its corporate governance practices.

Board of Directors Mandate

The Board has adopted a Board of Directors Mandate which is available on the Company's website at www.calibremining.com and is attached to this Circular as Schedule "A".

Position Descriptions

The Board has developed written position descriptions for the Chair of the Board as well as for the chairs of each of the Board committees. They are available on the Company's website at www.calibremining.com. The Board has also developed a written position description for the CEO.

Director Independence

All of the current members of the Board are considered "independent" within the meaning of NI 52-110, except for Darren Hall, who is the CEO of the Company. The independent directors have regularly scheduled meetings in the absence of the non-independent director. Generally, at the end of each regularly scheduled Board meeting, the directors hold an in-camera session without management present. An in-camera meeting without management is held at every Board meeting.

The Chair of the Board is Blayne Johnson, who is independent. The Chair of the Board has primary responsibility for maintaining the independence of the Board and ensuring that the Board carries out its responsibilities. The Chair of the Board meets periodically with the CEO to discuss various matters relating to the Company. Mr. Johnson also serves as a member of the Compensation Committee. The Board has adopted a Position Description for the Chair of the Board which is available on the Company's website at www.calibremining.com.

Other Directorships

For details regarding directorships a director of the Company holds with any other reporting issuer (or the equivalent in a foreign jurisdiction), see the disclosure under the heading “Particulars of Matters to be Acted Upon – Election of Directors” in this Circular.

As some of the directors of the Company also serve as directors and officers of other companies engaged in similar business activities, the Board must comply with the conflict of interest provisions of the *Business Corporations Act* (British Columbia), as well as the relevant securities regulatory instruments, in order to ensure that directors exercise independent judgment in considering transactions and agreements in respect of which a director or officer has a material interest. Any interested director would be required to declare the nature and extent of his or her interest and would not be entitled to vote at meetings of directors which evoke any such conflict.

Attendance Record

For details regarding the attendance record of each director of the Company for all Board meetings and all Board committee meetings held since the beginning of the Company’s most recently completed financial year, see the disclosure under the heading “Particulars of Matters to be Acted Upon – Election of Directors” in this Circular.

Director Skills and Experience

The Board of Directors and the Corporate Governance and Nominating Committee (“**CGN Committee**”) review the experience, qualifications, and skills of our directors each year to ensure that the composition of the Board of Directors and committees and the competencies and skills of the members are in line with the evolving needs of the Company. The Board maintains a skills matrix to identify and evaluate the competencies and skills of the members based on the individual experience and background of each director. The skills matrix is reviewed and updated each year based on self-assessment by each director whereby each director is asked to rate their experience and background in a variety of key subject areas. This data is compiled into a matrix representing the broad skills of the current directors. This matrix is maintained to identify areas for strengthening the Board of Directors, if any, and address them through the recruitment of new members.

The following skills matrix outlines the experience and background of, but not necessarily the technical expertise of, the current individual directors based on information provided by such individuals.

	Managing and Leading Growth	International	Senior Officer	Operations	Mining or Global Resource Industry	Information Technology	Human Resources	Investment Banking /Mergers & Acquisition	Financial Literacy	Communications, Investor Relations, Public Relations and	Corporate Responsibility and Sustainable Development	Government Relations	Governance /Board	Legal	Environment and Social

In addition to the relevant skills contained in the above skills matrix, the CGN Committee takes into account the diversity of the candidates when filling Board vacancies and changing its composition. Diversity (including gender, ethnicity, age, and geographic representation) plays an important role in bringing together the breadth of perspective necessary for success and enhancing Board performance.

Orientation and Continuing Education

The Board's practice is to recruit for the Board only persons with extensive experience in the mining and mining exploration business and in public company matters. The CGN Committee, in conjunction with the Chair and the CEO, are responsible for ensuring that new directors are provided with an orientation and education program which

includes written information about the business and operations of the Company, documents from recent Board meetings, and opportunities for meetings and discussion with senior management and other directors. New directors are also given the opportunity to independently consult with the outside legal counsel to the Company to better understand their legal obligations as directors of the Company.

The Company performs many activities to ensure that its directors maintain the skill and knowledge necessary to meet their obligations as directors. Management of the Company takes steps to ensure that its directors are continually updated as to the latest corporate and securities law developments which may affect the directors as a whole. The Company continually reviews the latest securities rules and policies and is on the mailing list of the TSX to receive updates to any of their rules. Any such changes or new requirements are then brought to the attention of the Company's directors either by way of director or committee meetings or by direct communications from management to the directors. Management assists directors by providing them with regular updates on relevant developments and other information that management considers to be of interest to the Board. The Company also provides the directors with membership to the Institute of Corporate Directors where they can access relevant directorship webinars, research materials, and training.

Directors are encouraged to attend other Board committee meetings if they are not active members, to broaden their knowledge base and receive additional information on the Company's business and developments in areas where they are not commonly exposed. At each quarterly Board meeting, the CFO makes a presentation to the Board to provide a comprehensive overview of the Company's financial performance, anticipated future financial results, and market trends. With respect to novel business, accounting and industry issues, management will arrange for an industry or related professional to make a presentation to or provide advice to the Board on a topic relevant to those issues, if required.

Ethical Business Conduct

The Board expects management to operate the business of the Company in a manner that enhances shareholder value and is consistent with the highest level of integrity. Management is expected to execute the Company's business plan and to meet performance goals and objectives according to the highest ethical standards. The Board adopted a Code of Business Conduct and Ethics (the "Code") for its directors, officers, employees, consultants and suppliers. A copy of the Code is available on the Company's website at www.calibremining.com.

Pursuant to the Code, the Company has appointed Edward Farrauto, the Chair of the Audit Committee, to serve as the Company's Compliance Officer to ensure compliance with the Code, reporting directly to the Board. The Board monitors compliance with the Code and management provides an annual report to the Board regarding issues, if any, arising under the Code and the Company's corporate governance policies. The CGN Committee reviews the adequacy of the Code on an annual basis. In addition, the Company uses a confidential and anonymous reporting system that allows reporting by anyone having a concern about unethical or illegal activities.

Whistleblower Policy

Employees are required to report any violations under the Code or the Company's corporate governance policies in accordance with the Company's Whistleblower Policy. All employees of the Company are expected to inform their manager or supervisor of any concerns they might have. If an employee is not comfortable speaking to his or her supervisor or is not satisfied with the supervisor's response, the employee is encouraged to speak with anyone in management of the Company with whom he or she is comfortable approaching. Supervisors and managers are required to report all complaints to the Company's Compliance Officer, who has specific and exclusive responsibility to investigate all complaints.

When an employee is not satisfied or is uncomfortable with following the Company's open-door policy, that employee is encouraged to contact the email hotline maintained by the Company, which is available 24 hours a day, seven days a week at whistleblower@calibremining.com. Whistleblowers will always be provided with a response to a complaint and a report of all complaints submitted to the email hotline will be sent to the Board. If a report is made through the email hotline, the response back will be through the hotline email address unless a different mode of communication is requested by the whistleblower. An employee, director or officer may also raise a concern anonymously through NAVEX Global, Inc, an independent, 24-hour Reporting Hotline service. Submissions made through NAVEX Global,

Inc's Reporting Hotline are protected by its secure technology system and Company management will not have access to any identifying message details. A copy of the Company's Whistleblower Policy is available on the Company's website at www.calibremining.com.

Nomination of Directors

In order to identify new candidates for nomination to the Board, the Board considers the advice and input of the CGN Committee. The Chair of the Board and the chair of the CGN Committee, together with the CEO, develop a list of potential candidates for review by the CGN Committee. Given that the various members of the Board have, in aggregate, a wide network of contacts, all members of the Board are encouraged to submit names of potential candidates who would make significant contributions to the Company. Through discussion, the list is refined by the CGN Committee. At the discretion of the CGN Committee, third parties may also be used to source potential directors.

The Board has appointed the CGN Committee which is currently comprised of Audra Walsh (Chair), Raymond Threlkeld and Douglas Hurst, all of whom are independent directors within the meaning of NI 58-101.

The mandate of the CGN Committee (the "**CGN Committee Mandate**") provides that its responsibilities will include: (a) identifying and reviewing the qualifications of and recommending to the Board possible nominees for the Board to be proposed in the management information circular for election or re-election at each annual general meeting; (b) identifying and reviewing the qualifications of and recommending to the Board possible candidates to fill vacancies on the Board between annual general meetings; (c) overseeing the effective functioning of the Board; (d) overseeing the relationship between management and the Board and recommending improvements in such relationship to the Board; and (e) annually reviewing and making recommendations to the Board with respect to: (i) the size and composition of the Board, with a view to promoting effectiveness and efficiency; (ii) the appropriateness of the committees of the Board, their mandates and responsibilities and the allocation of directors to the committees; (iii) the appropriateness of the terms of the mandate and responsibilities of the Board; (iv) the compensation of the directors in light of time commitments, comparative fees, risks and responsibilities; (v) the directorships held by the Company's directors and officers in other corporations; (vi) the Company's nominees on the boards of directors of its subsidiaries and other corporations; and (vii) the corporate objectives which the Chair of the Board is responsible for meeting, the assessment of the Chair of the Board against these objectives and the appropriateness of the duties and responsibilities of the Chair of the Board. A copy of the CGN Committee Mandate is available on the Company's website at www.calibremining.com.

Majority Voting Policy

The Company has adopted a majority voting policy (the "**Majority Voting Policy**") in connection with director elections. The policy stipulates that for any uncontested elections of directors, if the number of votes withheld exceeds the number of votes in favour of the election of a director nominee at a Shareholders' meeting, the nominee will be required to immediately tender his or her resignation after the meeting to the Chair of the Board who will then refer it to the CGN Committee for consideration. The CGN Committee will make a recommendation to the Board after reviewing the matter and any extenuating circumstances, and the Board will act on the CGN Committee's recommendation within 90 days following the applicable Shareholders' meeting. The Board's decision to accept or reject the resignation offer will promptly be disclosed to the public by news release. The nominee in question will not participate in any CGN Committee or Board deliberations on the resignation offer. The Majority Voting Policy does not apply in circumstances involving contested director elections. A copy of the Majority Voting Policy is available on the Company's website at www.calibremining.com.

Safety, Health, Environment, Sustainability and Technical

During 2019, the Board created a Safety, Health, Environment, Sustainability and Technical Committee (the "**SHEST Committee**") in order to reflect the Company's continuing commitment to improving these areas and ensuring that its activities are carried out in a safe, sustainable and environmentally sound manner. The Board appointed each of the members of the SHEST Committee which is comprised of Todd White (Chair), Audra Walsh, and Raymond Threlkeld, all of whom are independent directors within the meaning of NI 58-101. The Board will appoint a new member to the SHEST Committee as Mr. White is not standing for re-election as a director of the Company. A copy of the mandate of the SHEST Committee is available on the Company's website at www.calibremining.com.

The Company will be publishing its first Inaugural Sustainability Report in Q2 2021 – a report that will outline Calibre’s approach to environmental, social and governance issues and challenges.

Assessments

The entire Board evaluates the effectiveness of the Board, its committees and individual directors on a regular basis, formally through a questionnaire that asks the directors to assess the effectiveness of the Board and its committees in respect of structure and composition; roles and responsibilities; operations; effectiveness; committee meetings’ operations and effectiveness; and individual director performance. The Board evaluation process is designed to provide directors with an opportunity each year to examine how the Board is operating and to make suggestions for improvement.

Director Term Limits and Other Mechanisms of Board Renewal

The Board has not adopted a term limit for directors. The Board believes that the imposition of term limits on a director implicitly discounts the value of experience and continuity amongst Board members and runs the risk of excluding experienced and potentially valuable Board members as a result of an arbitrary determination. The notional objective of term limits is to encourage board turnover, introduce new perspectives and retain independence. The Company has achieved a satisfactory turnover of directors over its history, and the Board believes that it can strike the right balance between continuity and fresh perspectives without mandated term limits.

Representation of Women on the Board and Management

The Board recognizes that gender diversity is a significant aspect of diversity and acknowledges the important role that women can play in contributing to diversity of perspective in the boardroom. While the Board does not have any specific diversity targets, the Board has adopted a diversity policy that outlines the identification and nomination of women directors. The selection process for director nominees involve including at least one female candidate for each available Board seat in the short-list, and if at the end of the selection process, no female candidates are selected, the Board must be satisfied that there are objective reasons to support this termination, and that it believes it will be able to achieve its overall goal of greater diversity in future periods.

The diversity policy and its effectiveness is assessed on an annual basis by the CGN Committee. The CGN Committee also oversees an annual director questionnaire which specifically asks whether the Board appropriately reflects the diversity of the community it serves. These results are compiled and shared with the Board. The diversity of the Board (and in particular the representation of women) is one of many factors considered in the selection of candidates as potential directors. The diversity of the executive officers (and in particular the representation of women) is one of many factors considered in the selection of candidates as potential executive officers.

At this time, the Company has not adopted a target regarding the representation of women on the Board or in executive officer positions. The Company is of the view that its current practice of considering diversity as one of many factors in selecting candidates as potential directors or executive officers permits the Company to balance the benefit of diversity with other relevant considerations. The Company is committed to increasing Board diversity and recognizes that the Board’s background should represent a variety of backgrounds, experiences and skills.

Women currently hold one of the nine positions on the Board (11%) and no position as executive officers of the Company.

AUDIT COMMITTEE DISCLOSURE

The Audit Committee assists the Board in fulfilling its oversight responsibilities as they relate to the integrity of the Company’s financial statements and accounting processes, and the independent auditors’ qualifications and independence. In this regard, the Audit Committee has primary responsibility for the Company’s financial reporting, accounting systems and internal controls over financial reporting. The Audit Committee also assists the Board with the oversight of financial strategies and risk management.

Further information regarding the Audit Committee is contained in the Company's annual information form for the financial year ended December 31, 2020, which is available under the Company's profile on SEDAR at www.sedar.com. A copy of the Audit Committee Mandate is available on the Company's website at www.calibremining.com.

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

As at the date of this Circular, no individual who is an executive officer, director, employee or former executive officer, director or employee of the Company or any of its subsidiaries is indebted to the Company or any of its subsidiaries pursuant to the purchase of securities or otherwise.
